Dear Mr. Tako,

Thank you so much for coming into our virtual classroom. I liked hearing all about Junga and how you decided to write the story. My favorite character in the book is a tie between Junga and Grandma. I like Junga because he is a kid and he acts like a kid would be if their grandma was taken away from them. I also love grandma. She left the family to be with Junga so he would not have to be so cold. She looks like a grandma who I would want cookies from and I really LOVE her tips!! Go Grandma! I can't wait to read the next story.
